

ECAC - VANDALISM

The school system's buildings and grounds are built and maintained with taxes levied on the community's taxpayers, and all damage caused must be paid for in the same way. Therefore, every citizen of the district, students, and members of the law enforcement agencies are urged by the Board to cooperate in reporting any incidents of vandalism to property belonging to the district and the name of the person or persons believed to be responsible. Each employee of the district shall report to the principal or site manager of the school every incident of vandalism known and, if known, the names of those responsible.
